

# February News 2023

We had a lot of fun in January but not a lot of snow (Not yet-maybe February?)

In January we...

- Learned about Arctic animals and what animals do in winter (hibernate, migrate, and adapt).
- Learned about Martin Luther King.
- Shared black and white items
- We practice our fine motor skills – making polar, panda and brown bears. Penguins and hats.
- For Math, we worked on several foundational skills such as number identification and 1:1 correspondence (bears in caves).
- Gross motor fun we practiced Arctic Yoga

In February we will...

- Learn about Groundhog Day, Valentine's Day, President's Day, friendships, community helpers.
- Dental health and Black History awareness are also discussed in the month February.
- Science will focus on our 5 senses
- No ends will be added to our block area
- Dramatic play will become a Post Office
- Celebrate Valentine's Day
- Open Gear table
- Color of month - Pink

Our 3 day had a former Project Grow student as our Mystery Reader. Thanks to Austin Sims for reading us a story!

hot chocolate and penguins

Arctic animals suncatchers

Always remember to pack a hat and mittens 😊 We go outside daily. Make sure your child is prepared.

Attached is February class sharing piece so no need to send in pink items. Also, a speech idea from Mrs. Garcia.

Thanks for all your support  
Mrs. Baronas, Mrs. Bateman and Mrs. Sims
